

# Further Study Focus Listing for Wisdom Booklets 1–54

This listing was developed to assist parents in covering important academic subjects while studying the 54 Wisdom Booklets. Although there is a multitude of possible study topics that can be pursued with every Wisdom Booklet, the Further Study Focus can help you avoid unnecessary redundancy or deficiencies by outlining comprehensive high school study in world history, U.S. history, geography, government, biology, earth science, and physical science.

## Wisdom Booklet 1

- Geography and modern history of Israel and Palestine
- Five senses
- Endocrine system

- Ecosystem and food chain
- Machines, friction, planes, pulleys
- Nervous system

## Wisdom Booklet 11

- History and geography of the United Kingdom, cont.
- Water and air movement in the atmosphere
- Lymphatic and immune systems

## Wisdom Booklet 12

- History of Rome
- Classification of organisms
- Plant reproduction
- Health and exercise

## Wisdom Booklet 13

- Ancient history of China (dynasties), Mongol empires
- Classification of matter, models of atoms, periodic table, elements
- Law enforcement agencies

## Wisdom Booklet 14

- Reformation
- Chemical reactions, acids, bases, salts
- Urinary system

## Wisdom Booklet 15

- History and geography of eastern Europe and Turkey, Byzantine Empire, Frankish Empire
- Light

## Wisdom Booklet 16

- Medieval church, feudal monarchies, Dark Ages
- Light, cont.

## Wisdom Booklet 17

- Geography of Europe
- U.S. War for Independence and Declaration of Independence

## Wisdom Booklet 18

- Electricity
- Structure and parts of cells
- Napoleon, the Enlightenment, French Revolution, geography of France
- Forms of government

## Wisdom Booklet 19

- Earthquakes
- Kinematics, gravity, velocity

### **Wisdom Booklet 20**

- U.S. western expansion, Spanish-American War
- Minerals and ores
- Measurement of matter, density, mass, volume

### **Wisdom Booklet 21**

- History and geography of Russia, WW I
- Structure of the earth, volcanoes, heated groundwater
- Circulatory system

### **Wisdom Booklet 22**

- U.S. frontier conflicts, French and Indian War
- Mammals
- The brain

### **Wisdom Booklet 23**

- U.S. Civil War
- Nuclear chemistry
- U.S. Bill of Rights, amendment process

### **Wisdom Booklet 24**

- History and geography of Greece, Incan and Mayan civilizations
- Endocrine system

### **Wisdom Booklet 25**

- History of ancient Egypt
- Reptiles
- Arctic and Antarctic explorations

### **Wisdom Booklet 26**

- History and geography of Italy, Renaissance
- Genetics

### **Wisdom Booklet 27**

- Genetics, cont.

### **Wisdom Booklet 28**

- History and geography of Korea, Vietnam War, Korean War
- National defense organizations and foreign policy

### **Wisdom Booklet 29**

- History and geography of Burma (Myanmar), Thailand, Cambodia, Laos, Malaysia, and Vietnam
- Sun, earth's motions, planets

### **Wisdom Booklet 30**

- U.S. history (post-WW II to present), civil rights
- Circulatory system

### **Wisdom Booklet 31**

- History and geography of India
- Invertebrates (worms), amphibians, fish
- Lymphatic system, immune system

- History and geography of Canada
- Birds

### **Wisdom Booklet 33**

- Discovery of North and South America, early U.S. history (Columbus to Jamestown), early world trade and commerce
- Rocks, fossils

### **Wisdom Booklet 34**

- National welfare program
- Nutrition

### **Wisdom Booklet 35**

- Modern history and geography of Germany, WW II
- Classification of matter, models of atoms, elements, periodic table
- Musculoskeletal system

### **Wisdom Booklet 36**

- Modern history and geography of Germany, WW II, cont.
- Air masses, wind, storms, weather

### **Wisdom Booklet 37**

- Gastrointestinal system

### **Wisdom Booklet 38**

- Insects

### **Wisdom Booklet 39**

- History and geography of Japan
- Five senses

### **Wisdom Booklet 40**

- Magnetism, magnetic forces
- National immigration laws, history of national flag, flag etiquette, pledge, national symbols and seals

### **Wisdom Booklet 41**

- Modern history and geography of China and Taiwan
- Birds

### **Wisdom Booklet 42**

- U.S. Civil War
- Endocrine system

### **Wisdom Booklet 43**

- Photosynthesis, cellular processes
- Mountains, deserts, oceans, continents
- Weathering, erosion, mass wasting, conservation

### **Wisdom Booklet 44**

- National court system, U.S. Supreme Court

### **Wisdom Booklet 45**

- Chinese and British history (1800–1900), conflicts
- The brain

### **Wisdom Booklet 46**

- History and geography of southern African countries, history of slavery
- Mammals
- Creationism, incorrect evidence of evolution

### **Wisdom Booklet 47**

- History and geography of India
- Moon, oceans, waves
- Urinary system

### **Wisdom Booklet 48**

- Ecosystem and food chain
- U.S. history (1920–1940) and geography, New Deal, Depression, Mexican/Caribbean conflicts, social/religious changes
- Nervous system
